## The Most Unique Corporate Gift You Have Ever Purchased

why?

These are real flowers that will last 6 months or longer

The petals absorb enough moisture from the air to keep the flowers looking great

The flowers require zero maintenance and zero water

As time passes they will continue to impress, and your gift will be the conversation topic every time you speak with your customer

All Blooms By Heinau arrangements come pre-arranged in high quality vases made of ceramics, alloy metals, wood or glass

## Go Ahead & Please Your Senses

The hot pink color, like in this arrangement, is often used to symbolize decadence in the sense of a lifestyle devoted to aesthetic sensual enjoyment of music, sumptuous art, complex Byzantine-like designs, rich gourmet food and fine wine.

# A UNIQUE CORPORATE GIFT

that your customers will love, every day.

You want to send your customers a token of appreciation. Something that will keep you top-of-mind, and impress upon them the value of your relationship. Something that will enhance their space, be highly visible, and ideally be a conversation starter. Something elegant, sophisticated, unique, but something that fits within your corporate budget.

What if you could deliver something with the vitality of fresh flowers in elegant, high-quality vases, but without the expiration date?

Heinau Flowers ([www.heinaufowers.com](http://www.heinaufowers.com)) has been serving high-end hospitality destinations for years and now offers a shippable, consumer-grade line of home and office products. Now, through our retail division, Blooms by Heinau ([www.BloomsByHeinau.com](http://www.BloomsByHeinau.com)) your company can participate in our corporate gifts program.

*“Barbra loved the gift and wanted me to thank you very much. We will be ordering more in the near future. Such a lovely gift.”*

## BY IMPLEMENTING THE BLOOMS BY HEINAU CORPORATE GIFTS PROGRAM IN YOUR ORGANIZATION, YOU CAN:

**CREATE** a lasting impression with an elegant gift that will last a minimum of 6 months (guaranteed)

## ASK YOURSELF...

For as little as \$10, what other corporate gift can you give that will stay with your customers long term, on their desks, that they don't have already, and that they are likely to discuss with others? In many cases, the flowers are impressive enough that your customer will bring them home to their own residence.

If that is the kind of corporate gift you have always wanted to find, look no further, because you found it.

## Tough to Resist, and Why Should You!

Chocolate has become one of the most popular food types and flavors in the world. Chocolate chip cookies, chocolate fudge ice cream, chocolate bars. Just kidding, if this is too sweet for you, just choose another color.

# ABOUT OUR FLOWERS

Heinau Flowers are 100% natural. When the blossoms are cut at the farm at their quality peak, the water and sap in the plant cells are replaced by our proprietary certified non-toxic moisturizer, leaving the petals as soft and supple as they were before harvest. Each preserved flower will continue to absorb moisture from the air, prolonging it's beauty.

We use natural ingredients that are safe, hypoallergenic and environmentally friendly. Unlike untreated flowers, our blooms thrive in air conditioned environments and require no water or maintenance. At the end of a year, your flowers will have the same color, texture, and softness that they had the day they were delivered.

Enroll in the Blooms by Heinau Corporate Gift Program and deliver elegant, sophisticated gifts that your customers will love, every day.
